Dear Tim:

What an easy letter this will be to write!

I can't thank you enough for the splendid job Faith & Desire did at our recent event. Your music selection was perfect for our crowd, the songs were performed masterfully and the band was tight! On top of that, you all were so easy to work with, and I really appreciated how you went out of your way to be sure to play a specific song request at the beginning of our event.

Tim, our Tuesday evening event capped off a very important series of meetings in which the BBB system planned strategy for our future course in the marketplace. Critical to the success of this effort was the "celebration" of our work at the end of our meetings. We needed to throw a great party to keep our folks pumped up for the hard work we're to be involved in over the coming months.

Faith & Desire delivered - above and beyond! Our attendees were so impressed with the event, and your ability to engage the crowd and create that important sense of celebration was just what we needed.

I simply cannot say enough how pleased we were with your performance. Please pass along my thanks to your fellow band members, and my recommendation to any persons or groups considering hiring you for their event. Top notch, professional and excellent all around.

Thanks again, Tim!

Very sincerely,

Clifford Kurt
